Forecast for Saturday 18 Feb 2023

Weather: Heavy rain at times overnight will clear south but further outbreaks of light rain and drizzle are expected early in the morning. It will become drier after dawn with a few cloud breaks possible further south and east towards Bakewell and Barnford.

Chance of cloud-free hill tops above 600m: 40% low cloud will form in association with light rain and drizzle, improving to 70% in the afternoon.

Low cloud and visibility: Scattered or broken low cloud layers above 400m will come and go during the morning, western upslopes will see more cloud with the best chance of a few cloud breaks towards the east. Visibility will be poor at times in light rain and drizzle, again visibility will be better in the south and east.
